SUMMARY

Results-driven SEO Associate with 3.5 years of experience executing high-impact search strategies for large-scale projects. I manage a diverse portfolio of 10+ accounts across competitive sectors including Healthcare, Manufacturing, and Education, and thrive in cross-functional environments where collaboration and deadlines go hand in hand. My approach blends technical precision with content strategy to drive sustainable organic growth.

WORK EXPERIENCE

GENPACT/ REACHLOCAL

SEO Associate

04/2023 – Present | Mumbai

- Planned and ran SEO strategies across different industries, helping drive an 18% increase in organic traffic while keeping everything aligned with what clients actually wanted to achieve.
- Dug into performance data regularly to spot growth opportunities and kept refining campaign plans to improve rankings and bring in more meaningful traffic.
- Improved how teams communicated and supported clients day-to-day, which helped boost client satisfaction and keep more accounts happy over time.
- Shaped content to answer real user questions naturally, focusing on E-E-A-T signals, topic relevance, and formats like FAQs and schema markup to improve visibility in AI-generated search results and summaries.
- Used AI tools to speed up keyword research, competitor analysis, and finding content gaps. Built ready-to-use prompt libraries to handle audits, reports, and content planning across 100+ campaigns, making the whole process faster and more consistent.

ITRIBE

Digital Marketing Executive

11/2022 – 02/2023 | Bangalore

- Managed and grew an Instagram account to 129K followers through planned content, boost ads, and daily stories. Simultaneously promoted the iTribe App within a Facebook group of 400 lakh members by actively engaging and supporting the community.
- Produced daily content across Instagram, Facebook, Snapchat, and Pinterest including video reels, stories, and stock-related posts, while tracking performance data to continuously improve reach and engagement.
- Conducted SEO audits and keyword research, collaborating with the content team to implement on-page improvements that strengthened overall search visibility.

HAPPY US ENTERTAINMENT

SEO & Paid Media

04/2022 – 10/2022 | Mumbai

- Applied SEO best practices across a wide range of brand websites spanning NGOs, Fashion, Travel, Restaurants, Banquets, Cafes, and more, while managing ad campaigns across Google, LinkedIn, and social media platforms.
- Wrote a company blog on SEO vs SEM that currently ranks 2nd on search results for its target keywords, and developed a new social media ad reposting format that was adopted as a standard process within the team.
- Helped design the company's internal SEO audit report, creating a structured format that made it easier to identify issues and present findings clearly to clients.

NEODOCTO

Social Media Marketing Intern

09/2021 – 12/2021 | Mumbai

- Promoted Neodocto internships across social platforms, successfully targeting college students and generating 32 leads within the first month.
- Recognised for early performance and promoted to Project Head, taking on ownership of Facebook marketing campaigns shortly after joining.
